## NEIGHBORHOOD NEWS

April 28, 2008

**Art Center Expansion Tour on the Campus  
5pm on Wednesday, April 30  
This is a public meeting!**

I invite, actually encourage, each of you to attend for two reasons:

- (1) The visual impact of seeing where the proposed tower/atrium is to be located is striking; and,
- (2) A neighborhood show of interest is very meaningful to the Planning Commission.

Please plan to attend and bring your spouse, neighbor, etc.

**Directions:** Drive past the campus building to the parking lot on the south side, then walk to the stairway on the middle, north end of the parking lot. The tour should begin at the base of these outside stairs.

***Norm Parker***
