Rose Bowl, Bike Races, & Speed Limits

Rose Bowl

Final Reminder: Public comments on the proposed draft of the Supplemental Rose Bowl EIR are due no later than the close of business on Thursday, February 14. Send your comments to:

Erin Clark, Assistant Planner
City of Pasadena, Planning and Development Department
175 N. Garfield Avenue
Pasadena, CA 91101
eclark@cityofpasadena.net

LVAAs will be submitting technical comments.

You can see the approximate size of the new press box and luxury suites by looking at the blue and gold flags flying on the west rim of the Bowl. This defines the approximate length and height of the new structure being proposed.

Tour of California

The third annual international bike competition/race will end at the Rose Bowl on Sunday, February 24. It will entail portions of Linda Vista Avenue being blocked for about an hour on this day.

We expect the City to mail out notices to the neighborhood to explain the route in detail and explain how you will be able to get around on this day, but it might be best to expect some disruption in our use of Linda Vista for this finish of the California version of the Tour de France.

At this time there is more information on the City's website at:
<http://www.cityofpasadena.net/film/eventsonline.asp>

Speed Limits

Thanks to the extraordinary effort of our District 6 representative to the Transportation Advisory Commission, Vince Farhat, the City's Transportation Department has re-evaluated their methodology for measuring speeds on residential streets. The result of this effort has been a commitment from the Transportation Department indicating they will not be recommending changes for the speed limit on Lida Street. If you run into Vince in the neighborhood, please thank him for his special efforts on this issue.

If you have neighbors who may not have received this email, please pass along the information.

Thank you!

Sharon Yonashiro
